“We the People” Day

WyWatch is organizing a “We the People” Day scheduled for **February 15th, 2008, 9:00 A.M.** We will meet in the basement of the **Herschler building** prior to going to the Capitol building. This would be a day to have Judeo-Christian believing citizens come to the Wyoming State Capitol building and present a united voice for the legislators to hear loud and clear. This will only work if we have hundreds of citizens taking part, so please check the website often for more details and save the date, February 15th, 2008 for this unique opportunity to positively impact the future of our great State. We look forward to seeing you then.

In order to print out Pastor Joe Wright’s prayer, we do need a head count prior to the event. If you could e-mail us with the number in your party, it would be very helpful when going to print. WyWatch@wywatch.net

Prayer Requests

Please pray for our legislators as they gear up for another hard-working session, especially those who are constantly doing spiritual battle as they work very hard to protect innocent life and family values. We also request that you pray for WyWatch, our lobbyists, lobbyists-in-training, and other like-minded organizations that will work alongside us to continue to serve our Lord and Savior.
